

## DMM-139 Digital Multimeter

### Functions and Features:

- True RMS measurement
- Varied Frequency ( VFD)
- Capacitance measurement up to 100MF
- Clamp connection for up to 60A AC / DC ( pliers not included)
- Temperature measurement up to 1000 ° C
- Non-contact voltage test with Singal and LED display
- Rubber Holster for rough working conditions and falls of up to 2m
- Overvoltage protection
- Measurement category : CAT III 600V
- Automatic range selection
- Auto power off

### Specifications:

Display range : 6000 Counts

Basic accuracy: 0.1 %

Voltage Measurement DC: 0 - 600V DC /  $\pm 0.5 \% +2$

Voltage measurement AC: 0 - 600V AC /  $\pm 0.8 \% +3$

DC current measurement : 0 - 10A DC /  $\pm 0.8 \% +2$

AC current measurement : 0 - 10A AC /  $\pm 1.0\% +3$

Resistance measurement : 0 - 60 MOhm /  $\pm 0.8 \% +2$

Capacity measurement: 0 to 99.99 mF /  $\pm 4.0 \% +5$

Frequency Measurement : 10Hz - 10MHz /  $\pm 0.1 \% +4$

Temperature measurement: -40 ... +1000 ° C /  $\pm 1.0\% +3$

LCD display : 58mm x 36mm

Power supply: 2x AA Mignon batteries

Dimensions: 180 x 87 x 47mm

Weight: 370g

Scope of delivery: meter , batteries , test leads , temperature measurement Thermocouple
